HOW CAN THEY DO IT?

This is a common Expression among the people who visit the

UTICA CLOTHING STORE

And find that their goods are so marvelously cheap, and so much less than they have been in the habit of paying. The first remark is: "How can they afford to sell so cheap?" There is a good explanation for the Low Prices at the Utica---They get their goods directly from the great factory of

Owen, Pixley & Co

Who own and control large woolen mills in the east and manufacture every garment at minimum cost In a nut shell, they take wool from the sheep's back and convert it into a nice fitting garment. Consumers you can readily see the reason of the Low Prices at the UTICA---you are buying goods of first hands. Whether you come to purchase or inspect, we are pleased to see you.

Christian Reibling Assisted Into the Hereafter by the Sheriff at Morrison, Ill.

George A Horn and William H. Gibben Hanged at Ashland, O, Amid Jeers from the Rabble

Three Negroes Swung from the Same Gallows for Murder in South Carolina—An Arkansas Lynching.

Nine Men Executed.

A HARVEST FOR THE HANGMAN

MORRISON, May 17.—The first execution ever held in Whiteside County took place yesterday about two o'clock p m It was that of Christ Reibling who was convicted of the murder of Albert Lucia at Lyndon in this county The place of the hanging was adjacent to the jail, and was inclosed by a fence twenty feet high About 150 were admitted but a large crowd were outside in the court yard At 2 05 the prisoner appeared with the Sheriff deputies and Revs Sweet and Frothingham, Methodist Episcopal and Congregational pastors The prisoner spoke a few minutes after nodding to men he knew in the audience After the Lord's prayer by Rev Sweet the trap fell in five minutes from the time he appeared His neck was broken and no struggle or spasm was seen, and he was pronounced dead in twelve minutes When cut down twenty minutes later his features looked peaceful He was buried at the County House Cemetery as he was not sure where any relatives live

ASHLAND, O, May 17.—George Andrew Horn and William H Gibben, aged respectively twenty four and twenty nine, were hanged here yesterday for the murder of Harry Williams on March 23 of last year All three were employed in a saw-mill at Polk, and the night before went to West Salem, seven miles distant for their pay They became intoxicated and quarreled A feud had existed for some time between Horn and Williams Late at night the party returned to Polk Williams walking with his brother-in-law, Tom McAvoy and the others going by a freight train Horn and Gibben waited at Polk for Williams to come On meeting him Horn threw a heavy stone knocked Williams down and brained him with various blows with an ax Gibben was convicted as accessory

The words of the doomed men while standing on the scaffold were interrupted by the shouts and yells of a mob of 8,000 men gathered outside the jail Showers of brick-bats and stones rattled against the walls of the temporary inclosure wherein the gallows stood, and occasional musket and pistol shots were heard Outside the stockade and jail a cordon of fourteen companies of militia with fixed bayonets kept the turbulent crowd at bay Gribben's dying speech was drowned by wild yells Colonel Conger commander of the militia sent a message to Sheriff Gates "Hurry or we must fire on the mob" Many soldiers were injured by flying missiles Some were felled to the ground and seriously wounded

Religious services were held in the jail corridor before the men were taken to the scaffold Both joined in singing "Nearer My God to Thee" Horn merely said "Good bye" to his friends from the scaffold He evinced no emotion except when the black cap was pulled over his head Then he clinched his teeth with an evident effort Gribben greeted his friends smilingly and spoke several minutes, but broke down when he said "When I am gone don't throw this in my wife's face." He protested his innocence Twice when stationed on the trap he broke away and rushed to the front of the scaffold to speak to a friend One of the ministers on the scaffold commenced a prayer but the trap fell while the movement of his lips indicated that he was still speaking Nothing could be heard for the wild din outside Both necks were broken

Meanwhile the mob had torn down the high iron fence surrounding the jail yard and assaulted the militia Several pistol shots were fired in the crowd without effect The militia were cool, and kept the crowd back manfully When the announcement was made that all was over the crowd called "Fetch the bodies out and let us see 'em" When the bodies had been cut down the mob was admitted to the stockade which it tore to pieces in a pure spirit of vandalism

GREENVILLE, S C, May 17.—Alfred and James McCullough father and son for the murder of Ephraim Sixon, and Riley Anderson, for the murder of Louise Griffith and her babe were all three hanged on the same gallows yesterday An immense crowd witnessed the execution The Governor refused to interfere with the sentence

LITTLE ROCK, Ark, May 17.—A dispatch received here to-night gives particulars of the murder of a young man named Ward in Howard County Ark and the burning of his body A search was instituted by Ward's father, and resulted in the arrest of two brothers named Pope, and a man named Kuykend all on suspicion One of the Popes confessed, and the prisoners were delivered to the Sheriff who prepared to take them to Arkadelphia for safe keeping A party of Ward's friends at Prescott were organizing for vengeance when a message was received that the citizens of Howard County had stopped the party en route for Arkadelphia taken the prisoners and hanged all three without the formality of a court.

Swept by a Third Incendiary Fire.

VINCENNES, Ind, May 17.—About eleven o'clock Thursday night fire broke out in Latshaw's drug-store at Petersburgh, the county-seat of Pike County, and spread rapidly until the entire square was destroyed Communication with the place has been partially cut off, and it is difficult to get accurate information but it is believed the total loss will reach $100,000, insured for half that amount, The fire was plainly visible at this place twenty miles distant. In December 1882, Petersburg was visited by an incendiary fire which nearly swept the entire business portion away A week later another incendiary fire destroyed a large part of the town The present disaster is also believed to be of incendiary origin The sufferers from the last fire suspect that it was started out of revenge for the punishment of the former firebugs

CAPITAL NOTES.

A Member of the Tariff Commission Sharply Criticizes Hewitt's Bill—Butler on Labor Depression—Congressional.

CRITICISING HEWITT'S BILL

WASHINGTON, May 16.—Mr Henry W Oliver, of Pennsylvania who was a member of the Tariff Commission, has written a letter to Mr Morrison criticising the Hewitt Tariff bill Mr Oliver says "The duty on wire is advanced 1 cent per pound The duty on iron coils or loops is advanced from 6-10 to 1 2-10 cents per pound. Steel wire rods in effect are made free Mr Hewitt, therefore modifies the duty on metals as follows He increases the duty on wire of which he is one of the largest manufacturers in the United States one-half cent per pound He doubles the duty on wire rods of which he is the largest manufacturer in the country He places steel rods, of which he is a large consumer and which he does not manufacture, practically on the free list With the exception of placing ore and tin plate on the free list, the foregoing are about all the changes Mr Hewitt makes in the metal schedule. Mr Hewitt's bill, the title of which is 'To modify existing laws relating to duties on imports,' leans so favorably toward Trenton N J, that I suggest—so far as the metal schedule is concerned—that it might appropriately be placed on the private calendar and entitled 'A bill for the relief of Cooper Hewitt & Co

BEN BUTLER ON LABOR DEPRESSION

General B F Butler addressed the Senate Committee on Education and Labor yesterday on the general features of the labor problem He asserted that the present difficulties were due to overproduction Americans had a year's crop of grain on hand and were within three months of another crop Nearly a year's crop of cotton was now stored in the warehouses After referring to other commodities which were in stock in excess of current requirements he said "Why we have twenty years supply of whisky on hand!" He was facetiously reminded that this was a delicate subject and admitted that, for one who was supposed to be a Presidential candidate, it was necessary to be cautious

SPECIAL RATES TO NEW ORLEANS

WASHINGTON, May 17.—From statements made before the Senate Committee on Appropriations it appears that excursion rates of one cent per mile to the New Orleans Cotton Exposition have been agreed upon by 60 railroads This will make the rates about as follows St Louis, $7 Winnipeg $17, St. Paul, $13 Detroit, $11, Chicago $[illegible] Cincinnati $8 Louisville $[illegible] There are proportionately low rates from points adjacent to New Orleans Director General Burke estimates that the receipts of the exposition from New Orleans and the ten adjoining States will more than repay the loan made by Congress

In the House yesterday the bill [illegible] passed authorizing the construction of bridges across the Wisconsin, Chippewa and St. Croix Rivers in Wisconsin Mr Willis of the Committee on [illegible] reported back the River and Harbor Appropriation bill The House went into Committee of the whole on the Consular and Diplomatic Appropriation bill [illegible] $100,000 for [illegible] States Courts [illegible] the bill was finally laid aside with a [illegible] recommendation [illegible] the consideration of the Army Appropriation bill

After a short time the committee rose and reported the two bills to the House but no action was taken [illegible] then taken until eight o'clock when a number of pension bills were passed

FRIGHTFUL TRAGEDY IN ILLINOIS.

A Wealthy Land Owner of Monroe County and an Erring Wife Shot Dead by a Wronged Husband—The Murderer Surrenders

ST LOUIS, Mo, May 17.—Between nine and ten o'clock yesterday morning a bloody tragedy was enacted at Smith's Landing, Monroe County Ill, the principals being among the wealthiest and most respectable residents of the community Smith's Landing or Monroe Point as it is sometimes called, is on the river a few miles east of the little village of Columbia The most prominent man in Columbia, and one of the leading spirits of the county, is a wealthy farmer and stockman named William F Ditsch He is well known throughout Southern Illinois, and one of his peculiarities, which is always mentioned when his character is discussed is his fondness for women A few years ago he made the acquaintance of a school teacher named Monroe Gray, who had but recently married a handsome woman Ditsch visited them and kindly to help the young couple along, rented Gray a farm at Smith's Landing Gossips hinted that Ditsch although married was completely infatuated with the pretty Mrs Gray and when he helped the husband he was also helping himself He continued his visits until a climax developed which resulted in the death of both himself and his paramour

Ditsch arrived at Gray's house yesterday morning and found that the ex-school teacher was not around the premises The wife said that he had gone over to a neighbor's but this was a fallacy as subsequent events proved Gray was at the barn and going into the house suddenly he could not find his wife He saw Ditsch's horse standing at the door and going up stairs he discovered the pair in each other's arms in his bed room Ditsch jumped up and seized a chair and tried to strike him Gray warded off the blow and pulling out a pistol shot Ditsch through the head Mrs Gray at this moment jumped up and running behind her husband grasped him by the arms He fired again at Ditsch and then throwing the pistol over his shoulder fired at his wife, the bullet striking her in the head and instantly killing her She fell to the floor and as Ditsch continued to show signs of life he put another bullet in his body and then went to Columbia and surrendered himself to the Sheriff

The news of the double killing created the greatest excitement Popular opinion is with Gray although the killing of his wife is condemned The inquest is now being held There are no fears of a lynching Never in the history of the county has a tragedy occurred which has awakened such a feeling and is so universally regretted

The McKeague Trial.

CHICAGO, May 17.—The principal witnesses examined in the McKeague case yesterday were Prof. Piper, the microscopist, and Mr William T Belfield, the expert chemical analyst. Prof Piper's testimony went to show that the material attached to one of the buttons found in the Willson house was the same in every respect as the substance of McKeague's vest. Dr Belfield testified that one of the blood-stains in McKeague's pantaloons and all the blood-stains on McKeague's handkerchief were produced by human blood.

Democrats in Council.

The meeting of the Democratic County Central Committee, in the grand jury room, yesterday, was largely attended, not only by members of the committee but by representative democrats from different sections of the county. The meeting was called to order by Hon. B. K. Durfee, chairman, I. W. Ehrman acting as secretary. The call of the state convention was read, after which on motion of H. C. Mowry, of Hickory, a call for a county convention was ordered to be issued, and the date fixed, June 21st, next. The basis of representation will be three delegates at large from each precinct, and one delegate for every fifty votes cast for Hancock and English, or fractional part of fifty. This convention will choose fifteen delegates to the state convention to be held at Peoria on the 8th of July, and delegates to the representative and congressional conventions. The time of meeting was fixed at 11 o'clock, sharp, so that all the business can be completed in time for delegates to return by the afternoon trains. H. W. Waggoner was chosen secretary, vice Z. T. Hundley, who removed to Dakota last year. Arrangements were perfected for a thorough organization of the county, and a vigorous campaign.

Died of Lock-Jaw.

Lewis Peters, aged twenty-four years, died at his residence, No. 629 Conditt street, last evening, at eight o'clock, from the effects of lock-jaw. About the first of May Mr. Peters had one of his feet mashed by a Wabash switch engine, he being employed in the yard as a switchman. The surgeons desired to amputate the injured foot at the time, but the operation was dreaded by the unfortunate young man, and he concluded to forego the ordeal in the hope that he would recover from the effects of his injury. A couple of days ago, lockjaw set in, and it became apparent to the attending physician, and his friends that he could not survive the attack. He lingered until eight o'clock last evening, when he expired.

The deceased was born August 28th, 1860, at Lockville, Ohio, and since residing in this city he has become quite well known and highly esteemed by all of his acquaintances. On the tenth of last March he was married to Miss Luella Hanks, who now survives him. He was a a member of the Alert Hook and Ladder company, and the members of the fire department will attend the funeral this afternoon.

The funeral takes place at 2 o'clock from his late residence, and the services will be conducted by Rev. A. W. Walters of the English Lutheran church.

Long Creek School.

The following is a report of the Long Creek school for the month ending May 13th, 1884: Whole number of pupils enrolled, 40; average daily attendance, 31; number of pupils perfect, 13, to wit: Misses Nora Rucker, Gracie Sites, Minnie Chamberlain, Ada Halstead, Ollie Stackhouse, Mamie Davis, Effie Halstead, Clara Widings, and Masters Corwin Jones, Oscar Brownlee, Archie Davis, Albert Brownlee, and Alva Jones.

On account of this being the first month of the term, the number perfect in attendance, as well as the daily attendance, is much smaller than otherwise.

LIVES OF PAIN

RHEUMATISM and NEURALGIA have long enough run riot in the human system.

They have tormented the human family and defied the medical faculty; from time out of memory they have corrupted the blood, demoralized the joints, vexed the nerves, agonized the muscles and racked the brain with wearying pain.

"ATHLOPHOROS" is the enemy of Rheumatism and Neuralgia, repairs their damages, renews the blood, eases the joints, calms the nerves, soothes the muscles, gives rest and peace to the troubled brain, and ensures delightful sleep.

"ATHLOPHOROS" is a new remedy, but it has been abundantly tried. From far and near come testimonials from well-known persons who had long been sufferers. It has turned their diseases out. It has cured them. That is all,—and that is enough.

"ATHLOPHOROS" can do for you what it has done for those sufferers. It can drive out your Rheumatism and Neuralgia, and will do so if you give it a fair trial.

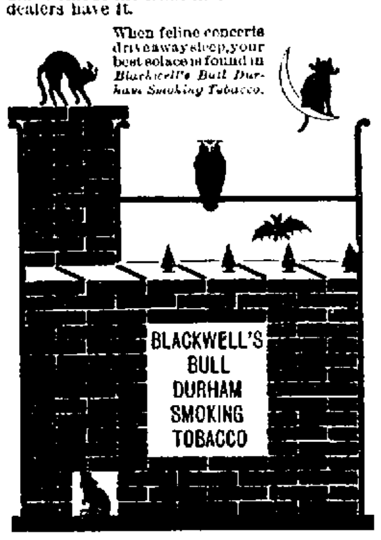
"ATHLOPHOROS" has by this time had such a good trial all over the country that its true work is known, and its true character proved.

"ATHLOPHOROS" means "Prize-Bearer;" "Victor;" "Conqueror." It carries off the prize as VICTOR over the attacks of these terrible maladies, and CONQUEROR of the frightful agonies their victims have endured. Not a mere temporary relief, but a permanent, enduring, and triumphant cure.

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us as directed.

ATHLOPHOROS CO., 112 WALL ST., NEW YORK.

Analysis by Dr. A. Voelcker, F. R. S., Consulting Chemist Royal Agricultural Society, England, shows only a trace of nitrates in Blackwell's Bull Durham Tobacco. The soil of the Golden Belt of North Carolina, in which this tobacco is grown, don't supply nitrates to the leaf. That is the secret of its delicious mildness. Nothing so pure and luxurious for smoking. Don't forget the brand. None genuine without the trade-mark of the Bull. All dealers have it.



When feline concerts drive away sleep, your best solace is found in Blackwell's Bull Durham Smoking Tobacco.

The Chicago Morning News says the following of Tony Denier's pantomime company that will appear at the opera house in this city, next Friday evening: "Tony Denier opened up the first pantomime of the season to a crowded house at the Olympic last night, and the show was worth the crush. Both Ravel and Melville are agile and comical clowns, and their antics kept the audience in a roar. Of course much new business is not expected in "Humpty Dumpty," but the old tricks were smartly and neatly done, and the new ones were highly amusing. The variety introductions were of the usual acrobatic and musical character." Popular prices, 35, 50 and 75 cents.

CHEAP HOMES!

—IN—

ARKANSAS AND TEXAS

Along the line of the St. Louis, Iron Mountain & Southern Railway, Texas & Pacific Railway and International & Great Northern Railroad, are thousands of acres of the choicest farming and grazing lands in the world, ranging in price from $2.00 to $3.00 and $4.00 per acre, in a healthy country, with climate unsurpassed for salubrity and comfort. Send your address to the undersigned for a copy of statistics of crops raised in Arkansas and Texas, in 1882, and make up your mind to go and see for yourself when you learn that the crop for 1883, is 50 per cent. larger than that of 1882. To those purchasing land owned by the company, and paying one-fourth, one-half, or all cash, a proportionate rebate is allowed for money paid for tickets or freight over the company's lines.

H. C TOWNSEND,
Gen'l Pass. Agent
ST. LOUIS, MO.

The True Test.

If a man is hungry within an hour more or less after a meal he is a dyspeptic. It shows his stomach is not able to dispose of what he has eaten, but to eat again, and thus impose more work, is absurdity. Take Dr. Jones' Red Clover Tonic which cures dyspepsia, and all stomach, liver, kidney and bladder troubles. It is a perfect tonic, appetizer, blood purifier, a sure cure for ague and malarial diseases. Price 50 cents, of DR. J. A. STONER

Our Present Blessings.

Our blessings are not appreciated until we are deprived of them. Most notable among them is health, the lack of which magnifies our other burdens. A hacking cough, a severe cold or any throat or lung disease is very troublesome; but all these may be quickly and permanently removed by Dr Bigelow's Positive Cure. Trial bottles free at Dr A. J. Stoner's.

"Modern Advancement."

Our attention has been lately drawn, by personal experience, to Dr. Bigelow's Positive Cure for coughs, colds and consumption and all throat and lung diseases. It is a scientific compound of rare merit, the production of the researches of an eminent physician and two practical chemists of laboratory experience of fifty years. It is an unequaled modern production.—Exchange. Trial bottle free at Dr. A. J. Stoner's.

The Echo.

How like the echo is the human system: if we speak kindly the echo answers likewise. If we care for our system we have good health. If we ignore nature's laws we incur ill health. For all troubles of the stomach liver, blood or kidneys, use Dr. Jones' Red Clover Tonic. It speedily cures dyspepsia costiveness, bad breath, piles, pimples, ague and malaria diseases, poor appetite, low spirits, headache, and makes the general health excellent. Can be taken by the most delicate. Price 50 cents, at Dr. A. J. Stoner's. osl

Don't fail to put in a portion of your leisure time to-day in reading the large displayed advertisement of the ever Popular New York Store, in another column, It tells of the greatest bargain sales ever heard of and what may be had by favoring the store with a call, The advertisement merits a close perusal, which will prove to the advantage of every reader.

A little girl, the daughter of a Polander living on the east side, came very near being run over and killed by a switch engine in the Wabash yards yesterday afternoon. She was picking up coal along the track and was struck by the cars, but fortunately rolled on the outside of the rails. The men on the engine expected to see a mangled corpse after the engine passed, but instead saw the little girl unharmed, but weeping copiously.

Gov. Hamilton has commuted the sentences of Raab, a life prisoner at Joliet, and Moan, serving a ten years' sentence at the same place, reducing Raab's term from life to ten years, and ordering Moan's release on the 8th of October next. The commutations are made in the consideration of the heroic conduct of the prisoners in saving the life of Deputy McDonald when assaulted by the notorious Frank Rande.

Messrs. Linn & Scruggs have been offering special inducements to buyers during the past week, and their store has been thronged with customers every day and up to ten o'clock last night. The quantity of dry goods, notions, carpets, etc., etc., they have disposed of is simply immense, and all because they sell good goods and sell them cheap. m18d1t

The boom in wall paper, decorations, carpets and curtains continues. More goods have been sold by Abel & Locke this spring than ever before, and the demand is still for more. This means an improved taste and more beautiful and comfortable homes. This firm keeps up with all the latest styles and novelties, and supplies them in quantities and qualities to suit purchasers. See them and be convinced. m15d&w

Messrs. Pickrell, Thomas & Smith will sell on June 5th, at their stock farm at Harristown, in order to close up the firm's business, fifty-two splendid cows and heifers—shorthorns—and seventeen bulls. This firm has had many large sales of fine cattle, but the catalogue of this sale embraces the finest lot they have ever offered. All trains will stop at Harristown on day of sale. See advertisement in another column.

Among the painting firms in our city who come well to the front as artists in their line, is that of Messrs. Norris & Stommel, whose programme embraces house and sign painting, gilding, graining, decorating, etc., etc. Among the fine specimens of their work, and a very fine job it is, is the handsome residence of Mr. D. H. Heilman, on West Decatur street. The building has been painted a Quaker drab, while the trimmings are grave-vine, seal brown and black, producing a beautiful effect. Mr. Heilman has had a new porch, of the latest style of architectural art, erected, and the skill and taste of the painters show to the best advantage. The porch was designed and the work executed by Mr. Fielding, the well-known architect and builder, of this city.

There has been trouble for some time in the ranks of the High School Philomathean society. One part wanted to adjourn sine die, and the other faction wanted to close the exercises with a grand public entertainment. The former portion of the society carried their point at a meeting held but a week ago and effected an adjournment. Those members of the society who wanted to close with more appropriate exercises held a meeting on Friday evening, and reorganized with the express intention of carrying out their object. Will Quinlan was elected president, committees and ushers were appointed, and other arrangements completed for the exercises which which will be held at the high school building on Friday evening. An attractive and interesting programme will be made up, and the society assures its friends a pleasant evening's entertainment.

Abel & Locke did an unusually large business during the past week, rounding up yesterday with the greatest day of the season. Their stock is large and carefully selected, embracing all the latest styles in carpets, window shades, curtains, etc., and their extremely low prices make their trade what it is. Among their sales last week may be noted mattings, etc., for the Christian church, of this city, which is being very tastefully re-furnished. They also furnished mattings and pulpit furnishings for the Boiling Springs church. Their business in wall paper and decorations is really astonishing. Among their artistic decorators may be named Messrs. C. M. Chasteen and R. F. Jones, whose work is their best recommendation. If you wish to make your home attractive, call on Abel & Locke for your material, and have their artistic decorators do the work, and you will never regret it. 1t

FOR THE REVIEW.

I Dismissed the Subject from my Mind.

He come in from the country and took dinner at the same place I did. He told us how the roads didn't have any bottom in them in some places. How Barney, his horse, plunged to get through the mud. How the horse would step his hind foot forward before the front foot could be lifted out and make him click his hind shoe on one of his front ones. How the mud popped when the horse pulled his foot out of it. I like farmers that come in from the country. They have such a good honest way of talking. The only trouble with Mr. Clark was he was a little bit cracked on Sunday schools. He had gotten his mail, and showed me each paper separately. I noticed he had a religious turn. He was superintendent of the little Sunday school in his neighborhood. He told me how the'd had an attendance of one hundred and sixty at one time. All the boys and girls around there came, and they enjoyed it, too. The children all got so they were anxious for Sunday to come. He told me how they were going to commence again the first of the month, for their little Sunday school had been shut off lately by the mud that had grown so bad. I didn't say anything. Never could talk well on that topic. So I sat silent for a little while, and he directed his remarks to some one else in the room. I thought of how he didn't know that Sunday school children had to be licked sometimes to get them to go. How they shook their fist, threw lesson leaf paper wads, or put their thumb to their nose at the superintendent when he looked the other way. How they had a racket at home sometimes, trying to get a one-cent piece to contribute. How, when the little boys' faces looked happy, they were thinking of the game of marbles they were going to have after Sunday school was over; and I felt that I'd like to sympathize with him. Tell him just how things were. But to tell him how the boys acted behind his back was to tell him that he was disrespected, and that the few gray hairs he had scattered about, that hadn't been cut off for three months, were treated with irreverence. So I thought of how he was a Sunday school boy once himself and had probably had the same feeling toward some other superintendent as these boys had toward him, and I dismissed the subject from my mind. An Easy Money Market at the Close of Business Imparts a Better Feeling in Wall Street.

Temporary Uneasiness Caused During the Morning Hours by Two Heavy Crashes.

Jim Keene Considers the Panic a Sun-Burst for Him, and Proceeds to Make Hay.

Confidence Restored.

PROBABLE END OF THE SPECULATORS' PANIC.

NEW YORK, May 17.—Wall street was tired and dull at the opening yesterday. As late as nine o'clock there were few people on the street save clerks and janitors, and the Stock Exchange began business as a laggard. Stocks speedily became excited, and feverish. The Vanderbilt brokers were the only buyers.

At the beginning of the day's business on the Stock Exchange there was no appearance of a flurry on the floor, and although the various pools appear larger in numbers than usual, the offers appear to be equal to the bids. The Clearing-house Committee have loan certificates ready for instant delivery, and express the determination to use them liberally, with a view of relieving without delay any stringency in the money market.

Stocks opened weak and feverish except for Western Union and Union Pacific. St. Paul opened 1½ lower, Northwestern ½, Lackawanna ⅞, Lake Shore 2⅛, Reading & Omaha 2½. This was succeeded by a better feeling and a general advance of ½@2. Foreign bankers bought extensively. Exchange was weak, rates being reduced to 485½@487½. Stocks lent flat to 6 per cent. for carrying.

Government securities were depressed. The 4½s and 4s, which closed at 110@112 and 120@122 on the street Thursday, opened at 108½@108¾ and 116@119.

At eleven o'clock H. C. Hardy & Sons announced their suspension. All their contracts on the Stock Exchange have been provided for. Their offices are at 10 Wall street. They state that their suspension at present is unaccounted for. Stocks were heavy and demoralized on the announcement of the failure. Lake Shore went down to 81.

Vanderbilt's brokers say that their chief will reach London Monday, and that they expect to receive heavy orders from him to buy. The suspended firms are all busy straightening out their affairs. Goff & Randle will not have a statement before next week. Dimick & Co. say that they require some time to adjust their accounts. Hatch & Foote, Bogart & Co., Hotchkiss & Burnham, and J. C. Williams can not give anything definite as to the state of their affairs. Nelson Robinson & Co. expect to resume in a short time.

At noon money had no quotation. Prime paper was nominal. Bar silver, 111⅛. Exchange depressed at 482@484 for long and 484@485½ for sight. Governments lower; 3s, no quotation; 4½s, 108½; 4s, 116; Pacific 6s, 120. State nominal. Railways very irregular. Stocks have been better since 11:30. Lake Shore is up to 84, St. Paul to 68½, Missouri Pacific to 66½, Union Pacific to 42¾, Western Union to 52½. At the Sub-Treasury $3,500,000 of legal tenders was paid out in the morning. This strengthens the bank reserve. Brokers report more willingness on the part of banks to make loans. Large amounts come from Canada and heavy transfers are made from the other side.

Sub-Treasurer Acton says there was a brisk demand for legal-tenders at his office Thursday, causing the withdrawal of $3,500,000. Up to noon $1,000,000 of legal-tenders were paid out, and nearly another $1,000,000 of silver certificates, the latter for payment to the savings banks.

C. P. Huntington, President of the Chesapeake & Ohio Railroad, was interviewed regarding the statement of Fisk & Hatch that they were embarrassed through holding stocks of that road and Central Pacific, and responded: "The reports are untrue. I know the firm hasn't any Central Pacific. I think it can not hold any Chesapeake & Ohio, unless it is some that it had before the panic of 1873. The firm hold most of the Chesapeake & Ohio at high prices, but may have some still—possibly a thousand shares."

President Baldwin, of the Fourth National Bank, who knows the firm's affairs intimately, confirmed Mr. Huntington's statement, and said the whole cause of the firm's troubles was a decline in Government securities.

At one p. m. a visit to the various banks in Wall street found matters progressing in the usual routine. The Bank of Commerce has not at any time been in the slightest trouble. The officers indignantly deny the rumors circulated. They were never before behind in their clearances, and, instead of a deficiency, they had a substantial balance in their favor.

At the Metropolitan Bank business is going on as before the temporary suspension. Bank Examiner Scriba reported to the Comptroller of the Currency that the institution was "doing nicely."

The rest of the banks are running as usual, and affairs seem to be settling down to ante-bellum condition.

Washington advices state that the Sub-Treasurer here reports that only $109,000 have been offered for redemption under Secretary Folger's proposition to redeem bonds in anticipation of the date of the call. The excess in the Treasury now is $152,675,650, which is $14,000,000 above the legal-reserve, and, therefore, sufficient for another call if necessary.

The Clearing-House banks have agreed to advance $20,000,000 on Government bonds, if necessary to protect the market. Up to this time, it is said, $2,500,000 has been loaned on this collateral. At the Sub-Treasury large amounts of greenback and silver certificates are being paid out to savings banks.

The excitement at several of the Brooklyn banks has calmed down. There was nothing that could be called a run on any of the savings banks yesterday. The Atlantic State Bank, of Brooklyn, was open but no business was done. The Bank Examiner got through Thursday, and found everything all right, and the capital of the bank unimpaired.

At the Petroleum Exchange in the morning prices broke 8½ cents, or from 73½ cents at the close of Thursday, down to 65 cents. There was some excitement, but the prices afterward recovered about 4 cents, standing, at 12:15, at 69 cents. No failures were reported.

At three p. m., the closing hour on the Exchange, the feeling was everywhere expressed that the trouble is over, and the opening hour to-day is confidently regarded as the time when the reaction will set in. Many large houses are secretly buying a number of small lots of various stocks, to be ready for the advance which is regarded as sure to come when Vanderbilt sets his foot on shore and learns of what has been taking place in his absence. The situation of all the banks is favorable and loans are plentiful on good collateral.

The feeling in stock circles is very confident. The fact that the delivery hour passed by without failures imparted strength. Prices bounded up ⅛ per cent. at a time, and at the close prices were active and shares advaced 1@5 from the lowest point. There was some little reaction at the close, but speculation left off strong. The speculative day ended so peacefully that all the evidences go to show that the period of semi-panic is over, and that monetary affairs will gradually return to their accustomed condition.

Orders have been cabled by Seligman for shipment from Europe of a million francs in napoleons and probably £100,000 in double eagles, to be shipped from London.

The action of Sage in settling at a discount is denounced as an outrage. It is said that, although the Stock Exchange does not recognize dealings in privileges, yet the members are required to have an office where they could be found during business hours. This is not the case with Sage.

Fisk & Hatch were very intimately connected with the Newark Bank, and the officials declare that Hatch on Wednesday removed from their joint safe $2,000,000 in Government four per cents, which he sold to help himself, thus ruining the bank. Hatch emphatically denied anything of the sort, and declared that the bank officers were merely making an opening through which they might crawl for the present. Particulars and reliable figures there are none. The Newark bank had 14,000 depositors and about $6,000,000 in deposits and was still in the hands of the New Jersey Court of Chancery because of its great failure of 1879. Wildcat speculation and depreciation in Chesapeake & Ohio securities are given in explanation of the failure by those who do not believe the Fisk & Hatch story.

Early in the afternoon the brokers began figuring on results. Since January 1 last the shrinkage in values is placed at $2,500,000,000. Seven of the leading railway stocks show great losses since June, 1881. At that time Denver & Rio Grande sold at 1.09¾, now at 1.0¾, a decline of 9; Chicago, Burlington and Quincy was then 170¼, now 114½, a decline of 55¾; Milwaukee & St. Paul then 128¾, is now 68¾, having lost 60¼; Texas Pacific has dropped 68 to 11¼, showing a loss of 56¾; New York Central from 151 to 109; Lake Shore from 134 to 88, and Michigan Central from 114⅛ to 70, to say nothing of the Wabash, Erie, and many others.

Cyrus W. Field, Jay Gould and Henry Clews unite in the opinion that the bottom has been reached and that the stocks named, with Pullman at 100, are good purchases at this time. At all events the prevailing opinion at the close of business last night was that a panic had been entirely averted, and after the Sunday rest business would open in good condition Monday. A few small firms will go under to-day, and when the June settlements are made the lists of suspensions will be enlarged. The probabilities are that Fisk & Hatch, O. M. Bogart and Donnell, Lawson & Simpson will resume business on or before Monday, June 2.

The wild scenes of the day were confined to the main corridor of the building, 71 Broadway, where Jay Gould and Russell Sage occupy opposite offices. Mr. Sage, haggard, hollow-eyed and walking wearily, made his appearance at 9:45, and was greeted with deafening yells, hoots and jeers. He struggled through the excited crowd to his office door, and, as he passed within, shook his fist at the boys. This was a signal for the wildest and most terrific howl human ears ever heard. At ten o'clock the excitement increased when there was no indication of the door being opened.

Finally it was announced that Sage was settling on the basis of the difference between the market price and the "put" price and was delivering checks as fast as he could sign them, and in order to help himself to time would take advantage of the Stock Exchange rules and demand twenty-four hours' notice of maturing puts.

Right here was the great trouble. Mr. Sage demanded notice but he refused to give bankers an opportunity to serve notices on him. Howl after howl went up from the mob until the excitement could no longer be contained, and a rush was made for the office door. In an instant the quintessence of confusion prevailed. The police were powerless and suddenly the double door gave way with a crash, and twenty men and boys were struggling and fighting in a jumbled-up mass, while Sage and his clerks were terror-stricken, and fled behind the bookkeeper's railing. Sage cried out: "Police! Police! Put them out! Put them out!" It was fully five minutes before anything like order was resumed, and so it went on until two o'clock, when a positive announcement from Sage that he would do no more business till the following day caused the crowd to disperse.

It is stated by a clerk that Sage paid out $1,163,000 yesterday and $965,000 Thursday. Prominent lawyers and brokers were alike refused admission to Sage's office, and threats of suits and complaints at the Exchange had not the slightest effect on the old gentleman. Everybody appears to be indignant at his course while he simply says that he has millions of dollars more than there are claims for, and that he is transacting business as fast as possible.

The savings banks, brokers and private bankers have followed the example of the National banks, and Monday will find in operation vast mutual protection-pools for all these interests.

At the Windsor Hotel last night one of the quiet points discussed by brokers was the fact that James R. Keene had been lost sight of during the excitement while he was piling up another fortune by the drop in stock. It is said by one of his intimate friends that Keene has recovered $1,160,000 on his short sales since Wednesday noon, and that he will be firmly on his feet again next week. Others place his gains within the past seventy-two hours $500,000 higher, and say he has tapped Russell Sage alone for nearly $600,000.

Donnell, Lawson & Simpson, the banking firm which went down Wednesday with liabilities away up in the millions, have issued a circular to their creditors, in which they announce that they have assigned all their assets as a firm and as individuals to R. H. Weems, their confidential clerk. They declare that they expect to secure every possible dollar by careful management and to pay all their liabilities in full. The assignment was made for the purpose of protecting all creditors alike, and was determined on only when parties in the West began attaching the property of the concern.

WASHINGTON, May 17.—The officials at the Treasury Department can not understand the cause of the decline in Government securities, except on the theory that the bonds are being rapidly converted into money to be used in more profitable investments. Secretary Folger said, however, that only $109,000 of the called bonds were offered for redemption in New York Thursday. A conference was held yesterday to devise a method of relieving the financial pressure in New York. It was proposed to purchase the four per cent. bonds in open market, and decided to pursue this course in case the decline continued.

WASHINGTON, May 16.—Bank Examiner Scriba telegraphs from New York that he considers the trouble over so far as the Associated Banks are concerned.

NEW YORK, May 17.—Henry Ward Beecher spoke at the prayer meeting last night about the affairs in Wall street. He said that before blaming the credit system we should remember that credit is the poor man's capital, and also his certificate or character. Recklessness may overdo the matter, but the remedy will be in the growth of integrity. At present the country had a surplus of products and there could not be any widespread suffering. A remark by Mr. Beecher that General Grant was exonerated by the whole nation as ignorant of the crookedness that had been going on evoked a burst of applause.

THE WEEK'S FAILURES.

NEW YORK, May 16.—The failures of the last seven days, reported by Dun & Co., are as follows: In the United States, 182; in Canada, 27; total, 209, an increase of 18 over last week.

There were 187 failures and suspensions in the United States reported in *Bradstreet's* during the past week, against 132 in the preceding week, and 166, 116 and 88 in the corresponding weeks of 1883, 1882 and 1881 respectively. About seventy-five per cent. were those of small traders whose capital was less than $5,000.

THE EFFECT ELSEWHERE.

NEWARK, N. J., May 16.—The Newark Savings Institution closed its doors yesterday. The bank officers say that Fisk & Hatch owe the institution $1,000,000.

The Savings Bank makes the following statement: The purchase of Government bonds was intrusted to Fisk & Hatch, who agreed to pay interest pending investment. The reputation of the firm led to over-confidence and carelessness about obtaining the necessary investments.

The firm owes a bank nearly $1,000,000. The box of securities of the bank, which was kept by the firm, and which ought to hold the Government bonds only, has instead personal property not of equal value, nor readily salable.

CHICAGO, May 16.—Toward the close of yesterday a better feeling pervaded financial circles in this city. At no time have any serious apprehensions of danger to Chicago been felt, as it was known that there was money enough in the banks to avert anything worse than a temporary disturbance of business. The later reports from New York were all encouraging. When it was announced that the New York Stock Exchange had closed without any suspensions in addition to those of the forenoon being made known there was evident a general sense of relief, and many expressions of gratification were heard.

PHILADELPHIA, May 17.—The situation here is unchanged. There was some little increase in the demand for money, but the rates were from four to six per cent. The stock market was unsettled, but there was no excitement. Governments fell, but were buoyed up by purchasing orders from the country.

PITTSBURGH, Pa., May 17.—There was no excitement here yesterday. Regular customers were able to obtain money at six and seven per cent. Rates on oil certificates were pushed up as high in some instances as fifteen per cent.

SAN FRANCISCO, Cal., May 17.—A considerable amount of money was sent East yesterday and ordinary New York Exchange went up so high that several of the banks stopped selling. Calls were made by the banks on customers to put up further collaterals on overdrafts. Government 4s were quoted at 119 at the early call yesterday, but before the close had dropped to 116. The market otherwise was unaffected.

LONDON, May 16.—At the opening, prices on the Stock Exchange yesterday were somewhat lower than Thursday night. The slight relapse was caused by advices from New York regarding the financial situation, especially by Fisk & Hatch's suspension. Shortly after the opening there was a general firmness, which prevailed up to 2:30. This was caused by the bears seeking to cover short sales and purchasing by small investors. Erie was quoted at 16⅞, Erie second consuls at 68, Illinois at 126, Pennsylvania at 57¾, and New York Central at 112¼.

After half-past four a strong downward tendency in American stocks, especially Lake Shore, prevailed.

The *News* says: "The city regards the American panic with curiosity rather than with alarm. It is believed the situation will improve when the weak financial concerns are weeded out."

GRANT'S PARTNER OWNS UP.

The Bankrupt Banker Coolly Confesses Having Perpetrated a Most Stupendous Series of Frauds on His Unsuspecting Business Associates.

NEW YORK, May 17.—Ferdinand Ward continued his testimony before the referee yesterday, and many times while speaking almost took away the breath of the lawyers and the spectators. Bangs, of the counsel for the receiver of Grant & Ward, conducted the examination. Ward admitted that he had never had a contract of any kind, and that he and his business were frauds from beginning to end. Mr. Bangs cross-examined him as follows:

Q. How did you draw money? On your own check? A. No, sir; I drew money from Grant & Ward by their check, getting the money at the banks.

Q. How did you do it? A. Well, Colonel Grant might give me a check for $50,000 and I would get the money.

Q. Then how would you pay Colonel Grant? A. I would give him my check?

Q. How could you pay it? A. From what he and other people put in.

Q. So that the real nature of the business consisted in discounting the fanciful prospect of imaginary profits to be derived from fictitious contracts founded on manufactured and artificial contributions of altogether imaginary money—was that it? A. I can't answer it.

Q. That is a material account of it, isn't it? A. I give it up.

Q. You made a banking business by imagining you were making profits? A. Perhaps so.

Q. You credit Mr. Grant with an imaginary portion of imaginary profits, and then he would get it out by means of a check to your order, which you would deposit to your own credit? A. I think that was the way.

Q. And then you would get the check of the firm to your order, which you would deposit in the bank as cash? A. Yes, sir.

Q. Having thus got credit for $50,000, if you wanted $50,000 you would give the firm of Grant & Ward your own check and deposit it in the bank? A. Sometimes.

Q. Really, was all this humbuggery on a purely imaginary business? A. Yes.

Q. And did you practice all this art and deceive all those people without the assistance of a single confederate? A. I did; no one was in with me.

The case was not concluded. It is confidently expected that Ward will be criminally prosecuted and that he will go to Sing Sing for a long term.

Death of General W. H. H. Terrill.

INDIANAPOLIS, Ind., May 17.—General William H. H. Terrill, died last night at at nine o'clock of consumption. He was Adjutant-General of Indiana during the war, and has held several prominent positions since, among them that of Third Assistant Postmaster-General and Pension Agent. At the time of his death he was Secretary of the Republican State Central Committee. His report, in several volumes, of Indiana in the war for the Union is a model of accuracy and a valuable contribution to the history of the State.

Blessings come in many forms, and sometimes in disguise, but Athlophoros, the new and successful specific for neuralgia and rheumatism, comes to perform exactly what is promised for it—limber stiffened joints and reinvigorate the action of the muscles swollen by disease. Mr. A. B. Davenport, of 349 Fulton, St., Brooklyn, N. Y., who suffered from rheumatism for a long time, writes: "Your medicine has proved to me an invaluable blessing."

Bridges, the painter and decorator is crowded with work, but he wants a thousand more rooms to paper and repair. If he has not the help to get through, he will promptly get more of it. Anything in the papering, decorating, painting of calcimining will strike him. He carries a full stock of papers, paints and oils at his store on North Main street. m13tf

Blessed be the man who invented sleep, and blessed be he who discovered Athlophoros, for the man or woman afflicted with rheumatism or neuralgia, would be unable to enjoy the benefits of sleep were it not for the aid of this great specific remedy. Mr. C. S. Starr, of 28 State St., New London, Conn., writes of a friend of his, for years a sufferer from rheumatism, who, after taking one dose of Athlophoros, with remarkable results, repeated it at bed-time, and was able to rest all night long. This he had not been able to do for years.

HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: *the entire fulfilment of its promises.*

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.
